## The lawful basis on which I use this information:

I collect and use information about children and families because of legal obligation, in order to meet my statutory requirements as a childcare provider, and for the legitimate interests of everyone associated with my childcare service. I may also process special category data (for example details about ethnicity, religion, cultural preferences, diet or health) where explicit consent has been given for the purposes of meeting individual needs and care preferences.

## Collecting Information

Whilst most of the information collected is mandatory for me to meet the statutory requirements of a

registered childcare provider (for example for Ofsted and the EYFS) some of it may be provided on a voluntary basis. In order to comply with the General Data Protection Regulation, I will inform you whether you are required to provide certain information or if you have a choice in this. In all circumstances, any information I request is always for the purposes of delivering high quality care and improving outcomes for your child.

### **Data Collection and Storage Methods**

I use the following methods to collect information and ensure it is stored securely:

- Paper forms, printed records and photocopies – Stored in locked filing cabinet
- Electronic forms, emails, photographs, videos – Stored on business computer with both password and virus protection
- Online Childcare System/Web Application – Secured with password and hosted in the UK by a reputable company with their own security measures and data protection procedures as a requirement of the General Data Protection Regulation.

### **Retention Period – How long is data stored for?**

Information that had been collected about children and their families will be retained until it is no longer required as evidence for Ofsted/HMRC or for insurance purposes. In most circumstances this will be no longer than 3 years after the child has left the setting, however, to comply with insurance requirements, any information relating to safeguarding and welfare must be retained until a child is 21 years and 3 months old. When a child moves on from the service, normal procedures will include providing families with any additional material, for example photographs and artwork. With permission from parents, any learning and development information can be forwarded on to the child's future care setting/school/nursery to help support transition.

Any information that is not passed on to parents or forwarded to a future setting and is no longer required will be destroyed. Paper documents will be shredded, and any digital information will be securely deleted.

### **Sharing Information with parents and carers**

I will share information with parents (and any other named individuals' parents have included on a signed Multiple Contact Information Sharing Form) via the following methods:

- Verbally – face to face discussions or via telephone
- In writing/paper form – letters, forms, contact diaries, learning journals, progress reports
- Digitally – Emails (including activity reports sent via secure online childcare system/web application), Text Messages and What's App Messages

If there are any methods of communication you would prefer not to be used, please discuss this with me.

### **Sharing Information with others**

Any information given to me, either verbally or in writing, regarding your child or your family will be treated as private and confidential, however certain situations may require me (or my staff/assistants) to share details with others. These situations include:

- As evidence to Ofsted on request or inspection.
- To work efficiently with my assistant/other members of staff and ensure continuity of care.
- To seek advice from other professionals for example to assist with additional support or medical needs.
- To support transition when a child is moving onto a new setting or to support wellbeing and

development where there is to be a shared care arrangement.

- To apply for funding/early years entitlement

Where information about your child is to be shared with others, I will ask you to sign a Data Sharing Agreement to ensure that you fully understand fully who information is being shared with and the reasons for this. Only in exceptional circumstances, for example in an emergency situation or where there are safeguarding concerns, will information be shared without consent in order to inform the emergency services, alert the local safeguarding team or notify the police.

### **Displaying and Publishing Information**

In order to share children's experiences and achievements with families, I may like to display photographs of children taking part in activities and examples of their artwork and achievements in my setting. I may also include photographs and share news about individuals on my website or information/welcome booklets which may be viewed by existing, previous and prospective families. Again, I will ask for parental consent for this and will respect your wishes if you would prefer any images or material specifically relating to your child not to be included.

### **Requesting Access to Data**

Under data protection legislation, you have the right to request access to information that I hold about you and your child. To make a request for personal information, or if you would like access to your child's records and learning and development information, please do not hesitate to ask me in person or contact me via email or telephone to make a request.
